## **Adopted Budget - Fiscal Year 2021-22**

### ***Executive Summary***

#### **INTRODUCTION**

This document provides an overview of the 2021-22 Adopted Budget for Pueblo County School District 70. State law requires the local Board of Education to adopt and appropriate a budget for all District funds prior to June 30, 2021. State law allows for revisions of this budget through January of 2022, and a supplementary budget(s) when additional revenue sources arise. Typically, the District will revise the budget based on changes in student count and other programming changes. The budget document and other pertinent financial information are available on the district website at [www.district70.org](http://www.district70.org) under "Financial Transparency Information".

## FINANCIAL BUDGETING AND ACCOUNTING

Pueblo County School District 70 uses several specific funds provided by the Colorado Department of Education Chart of Accounts for financial budgeting and accounting. A summary of each fund's purpose is given below.

**General Fund (10):** The main operating fund used to account for day-to-day operations of the District. Specific types of expenses that are included within this fund are those for most school and department expenses for staff, supplies, equipment, utilities, and other educational support. Funding comes from local, state, and federal sources. Several sub-funds roll into the General Fund for accounting purposes.

**Charter School Fund (11,12):** This fund is used to account for the activities of the charter schools of the District: Connect School and Villa Bella Expeditionary. Per pupil revenue dedicated to charter schools is allocated to this fund from the General Fund.

**Capital Reserve Fund (17):** This fund finances major capital outlay expenditures, major renovations, building projects, ongoing maintenance and equipment acquisition, as well as technology equipment needs within the District. Together with the Insurance Reserve Fund, the primary revenue for this fund is through transfers from the General Fund.

**Insurance Reserve Fund (18):** This fund provides the resources for the District's property insurance, liability insurance, vehicle insurance, workers' compensation, and other related loss prevention services. TABOR reserves are also accounted for in this fund. Together with the Capital Reserve Fund, the primary revenue for this fund is through transfers from the General Fund.

**Preschool Fund (19):** This fund is required by State statute to account for costs associated with the Colorado Preschool Program and to track revenues and expenses from year to year.

**Food Service Fund (21):** This enterprise fund is used to account for the business-type service of the school lunch and school breakfast programs. Revenues for this fund include meal sales and State and Federal funding for free and reduced lunch and breakfasts.

**Designated Purpose Grants Fund (22):** This fund accounts for grants from foundations and State and Federal agencies targeted for special programs and services.

**Pupil Athletic Fund (23):** This fund captures all fees, other revenues, and expenses from CHSAA sponsored high school and middle school interscholastic athletics and activities.

**Student Activity Agency Fund (27):** This fund is used to account for money held for student school groups and organizations.

**Bond Redemption Fund (31):** This fund accounts for property taxes levied and collected to pay principal and interest on the District's voter approved General Obligation Bonds.

**Building Fund (41):** This fund is used to account for expenditures of bond proceeds from the 2021 bond election.

## GENERAL FUND

The General Fund appropriation for Fiscal Year 2021 is \$82,421,368. This represents an increase in General Fund in budget of \$9,492,915 from the revised budget for Fiscal Year 2021 and this budget keeps us in line with the 3% Board policy in contingency. There is an increase of \$9,293,261 in PPOR from revised FY21, but because of the CDE revision of an additional \$132 to \$7,711 in PPOR that happened after FY21 Revised Budget, the actual increase is \$7,951,555. This includes \$1,157,841 in increases in allocations to the Charter Schools. There is an increase of \$40,000 in revenue in grant related state sources from Revised FY21 budget. The state is again allocating extra funds to PERA this year, so we will be recognizing the \$1.2 million in revenues/expenses for this year. The total appropriation for Fiscal Year 2021 for all funds is \$222,298,460.

## SOURCES OF REVENUE

Pueblo County School District 70 receives revenue from three primary sources. The largest single revenue source is from State Equalization funding for pre-K through 12<sup>th</sup> grade education. For the General Fund revised budget of fiscal year 2022, State sources are projected to provide about 66.9% of the total revenue. Local sources should provide about 22.4% of the total revenue through property tax payments based on a General Fund mill levy rate of 27 mills. Specific ownership taxes on personal property registrations within Pueblo County likely will provide about 2.0% of the total revenue. The remaining 8.7% comes from other local, state, and federal sources.

## GENERAL FUND REVENUE

## GENERAL FUND REVENUE ALLOCATIONS

The District allocates funds from the General Fund to other funds (18.7%), including the Charter School Fund, Preschool Fund, Insurance Reserve Fund, and Capital Reserve Fund & Athletics. The following chart provides an illustration of the allocation of our General Fund revenue sources:

### GENERAL FUND REVENUE ALLOCATIONS/TRANSFERS

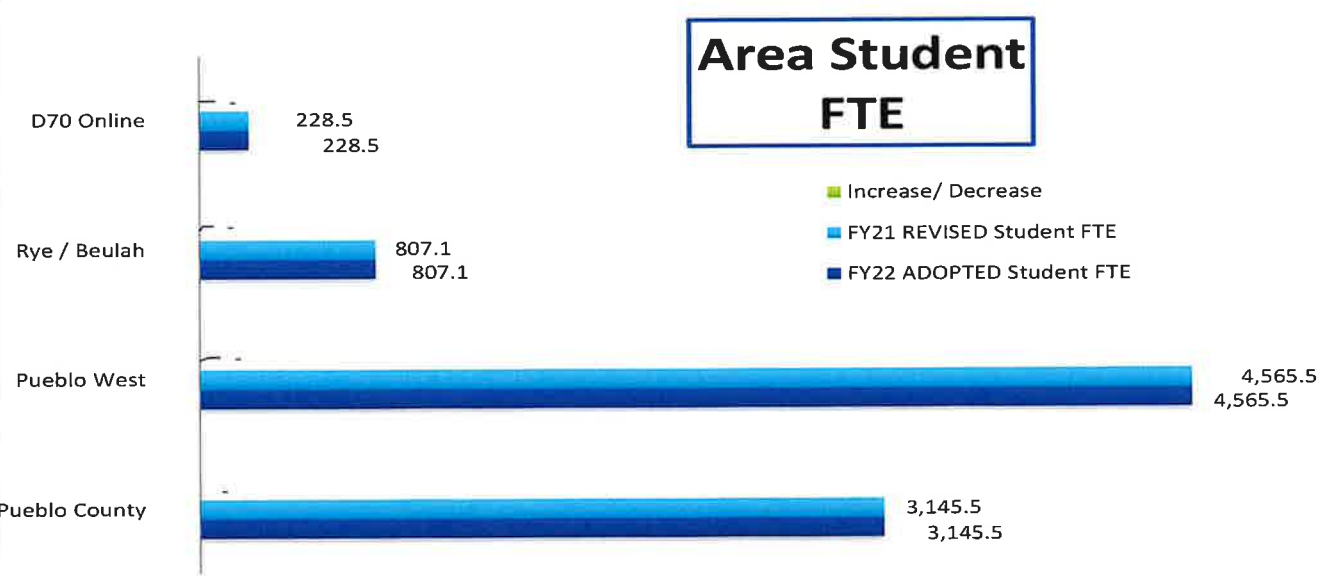

## PUPIL COUNT AND FUNDING

Funding for Pre-K through 12<sup>th</sup> grade education in Colorado is defined through the School Finance Act of 1994. For more information on the School Finance Act, please visit the Colorado Department of education website at [http://www.cde.state.co.us/index\\_finance.htm](http://www.cde.state.co.us/index_finance.htm). Among the many factors in determining funding for Pueblo County School District 70, one of the most influential is student population. Final funding for Pueblo County School District 70 for fiscal year 2022 will be based on a Full-Time Equivalent (FTE) count taken on October 2, 2021.

Pueblo County School District 70 experienced significant growth in fiscal years 2002 through 2007. Fiscal year 2008 through 2011, enrollment patterns flattened out. Since 2012, the District has seen an upward trend. In fiscal year 2012, we had 8,580 in funded pupil count. In FY22, we are projecting to have 10,162.9 in funded pupil count. This is an increase of 1,582.9 in funded pupil count in 10 years. Charter Schools/Contract Schools total 1,293.0 FTE, which is a decrease of 2 FTE since revised FY21. The PSAS (Homeschool) program will no longer be part of District 70 as of July 1<sup>st</sup>, 2021. Colorado Preschool Program slots account for an estimated 99.5 FTE, and Exceptional Student Services program slots account for 26.0 FTE. Students enrolled in blended learning programs (70 Online) account for 228.5 FTE, while the remaining students attend traditional school settings in the three regions of the District. The charts below identifies pupil count numbers as they relate to the budget:

## STUDENT FTE BY SCHOOL

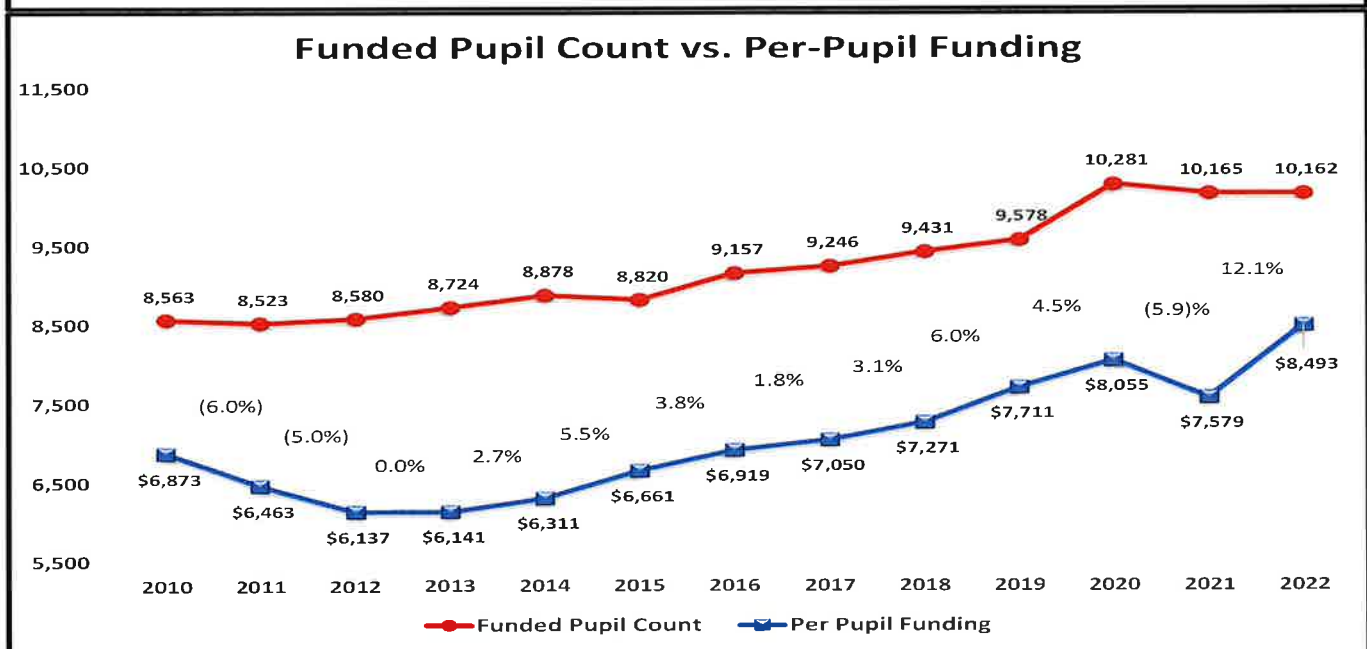

The following chart illustrates the funded pupil FTE by school and provides prior year data for reference. Student FTE is the largest factor in determining staffing and other revenue allocations to the school level. The District utilizes a Student-Based Budgeting approach. Please see the following K-12 enrollment FTE by school:

## PER PUPIL FUNDING

Another factor in the revenues for Pueblo County School District 70 is the amount of per-pupil funding as determined by the School Finance Act of 1994. For fiscal year 2022, Pueblo County School District 70 has a projected per-pupil funding amount of \$ 8,493, which is \$ 914 more than actual at the Revised Budget for FY21 by CDE. District 70 continues to be at the bottom of funding on a per pupil basis as provided by the Colorado School Finance Act. Final funding through the School Finance Act for the 2022 fiscal year is subject to change. The next chart shows Per Pupil Revenue over time, and compares to Funded Pupil Count. The implementation of the “Budget Stabilization Factor (BS Factor)” by the legislature has eroded funding below inflationary levels since 2010.

## **MULTIPLE YEAR BUDGET PROJECTIONS**

The District believes slower growth will become the norm in the near term; however, projections are difficult to make with any degree of certainty. For planning purposes for budget years beyond 2022, the District will likely project a 0% growth in student count, but will report a 1% to CDE. The District will continue to scrutinize enrollment projections on a school-by-school basis.

## **CAPITAL RESERVE FUND**

Revenues for the Capital Reserve Fund come from allocations from the General Fund. Prior to fiscal year 2010, the School Finance Act established a minimum required allocation to the Capital and Insurance Reserve Funds. The current version of the School Finance Act does not include this requirement. However, the District has many commitments in this fund and will continue to provide for those commitments and other unforeseen major capital expenditures as needed through allocations to the Capital Reserve Fund. For the adopted budget in fiscal year 2021-22, \$404.00 per-pupil is allocated to the Capital Reserve Fund, \$3,587,617. This represents a \$0 increase in per pupil allocation from FY21 revised budget.

## **INSURANCE RESERVE FUND**

Revenues for the Insurance Reserve Fund come from allocations from the General Fund. Prior to fiscal year 2010, the School Finance Act established a minimum required allocation to the Capital and Insurance Reserve Funds. The current version of the School Finance Act does not include this requirement. However, the district has many commitments in this fund and will continue to provide for those commitments and other unforeseen major risk-related expenditures as needed through allocations to the Insurance Reserve Fund. For the revised budget in fiscal year 2021-22, \$149.00 per-pupil is allocated to the Insurance Reserve Fund, \$1,321,568. This represents a \$12 increase per-pupil allocation from FY21 revised budget. The majority of the beginning fund balance in this fund is held as the "TABOR" reserve required by the State of Colorado. A contingency is held in the Insurance Reserve Fund in addition to the TABOR requirements to meet unforeseen expenditures for risk-related activities. The per pupil was increased to meet TABOR requirements. Other increases in this fund are due to rising unemployment costs and claims and the ever-increasing cost of general liability insurance components.

## **PRESCHOOL FUND**

Revenues for the Preschool Fund include direct allocations from the General Fund through per-pupil funding for the Colorado Preschool Program. Pueblo County School District 70 is projected to receive funding for 99.5 preschool slots through the CPP program. This a 0 FTE increase from FY21 Revised budget. Revenue from tuition-paid slots for the Pueblo County School District 70 Preschool Program is received into the General Fund (if applicable). The major expenditures of the Preschool Fund are Salaries and Benefits for the persons employed in the Pueblo County School District 70 Preschool Program. Supplies and Materials account for the minor expenditures of the Preschool Fund.

## **DESIGNATED GRANTS FUND**

The Designated Grants Fund accounts for most state and local grants, federal funding received by the district, as well as private donations received for a specific reason that generally address a particular need. Generally, these funds are supplemental to the efforts of the school district. This fund is essentially balanced in that expenditures equal the dedicated revenues. Among the major funding sources for the Designated Grants Fund are the (ESSA) Consolidated Grant, including the "Title" programs, as well as funding through the Individuals with Disabilities Education Act (IDEA). Designated Grants Fund will be used to track the ESSR (\$9,710,000) funds, so we will have an increase in beginning fund balance for this year because of carried over funds from the distribution in FY21. The ESSR funds have to be spent by Sept. 2022.

## **PUPIL ATHLETIC FUND**

Revenues for this fund are primarily from student participation fees and gate admissions. In addition, transfers estimated at \$1,257,433 are made from the General Fund to cover expenditures in the Pupil Athletic Fund. Expenditures in this fund are for salaries and benefits, as well as travel, supplies, and materials for Colorado High School Activities Association sponsored events. The lower transfer amount was done to increase our GF contingency. Revenues and expenditures are also included for the management of the District's Corporate Sponsorship Program.

## **BOND REDEMPTION FUND**

The appropriation for the Bond Redemption Fund includes revenues collected from the taxpayers of Pueblo County to repay the outstanding General Obligation Bonds approved by the voters of Pueblo County. Payments from the Bond Redemption Fund will be made on December 1, 2021, and June 1, 2022 toward the 2013, 2021A, and 2021B Bonds. The 2013 bond will be paid in full in FY23. Because of the timing of these payments, and because of the timing of tax collections, a contingency balance is also appropriated in the Bond Redemption Fund.

## DISTRICT 70 MILL LEVY

The school district annually certifies a mill levy (tax rate) in December to ensure sufficient revenues for general operations and for bond repayment. The Mill Levy Stabilization Act of 2008 caused the General Fund Total Program levy to be set at 27.000 mills. A summary of District mill levies over time is shown below. The total tax rate for District 70, as evidenced by the mill levy, has a slight increase from 39.995 to 40.268 (.273) mills since 2016. Part of the change in total mill levy each year is because of the change in GF abatements.

FUND BALANCE APPROPRIATIONS RESOLUTION – ADOPTED BUDGET  
FISCAL YEAR 2021-22**

AUTHORIZING THE USE OF A PORTION OF BEGINNING FUND BALANCE AS AUTHORIZED BY COLORADO STATUTES

WHEREAS, C.R.S. 22-44-105 states that a budget, duly adopted pursuant to this article, shall not provide for expenditures, interfund transfers, or reserves in excess of available revenues and beginning fund balance.

WHEREAS, the Board of Education may authorize the use of a portion of the beginning fund balance in the budget, stating the amount to be used, the purpose for which the expenditure is needed, and the district's plan to ensure that the use of the beginning fund balance will not lead to an ongoing deficit.

WHEREAS, the Board of Education has determined the beginning fund balances in the funds listed below are sufficient to allow for the one-time expenditures and the action will not lead to an ongoing deficit.

NOW, THEREFORE, BE IT RESOLVED:

IN ACCORDANCE with C.R.S. 22-44-105, the Board of Education authorizes the use of a portion of the FY2020-21 beginning fund balance for the following funds:

1. General Fund (10), \$ 6,000,000. The Board of Education recently adopted a policy to maintain a minimum fund balance in the General Fund of three percent of annual General Fund revenues. The district has met this requirement and will use a portion of the beginning fund balance above the 3% requirement.
2. Charter School Fund (11), \$ 1,724,766. The beginning fund balance for the Charter School Fund is appropriated as a contingency for unforeseen expenditures and is not a planned expenditure of beginning fund balance.
3. Capital Reserve Fund (17), \$ 443,471. The beginning fund balance for the Capital Reserve Fund is appropriated for recurring capital expenditures, with a portion recognized as a contingency reserve for unforeseen expenditures.
4. Insurance Reserve Fund (18), \$ 2,491,936. The significant portion of the beginning fund balance in the Insurance Reserve Fund is the District's TABOR reserve and is not appropriated for expenditure, rather, for the recognition of the required reserve. The remaining beginning fund balance is appropriated as a contingency reserve for unforeseen risk related expenditures.
5. Preschool Fund (19), \$ 0. The use of beginning fund balance in the Preschool Fund is to provide for expenditures required under the Colorado Preschool Program.

6. Designated Grants Fund (22), \$ 0. The beginning fund balance for the Designated Grants Fund is to provide for the expenditure of special revenue funds for their specific intended purpose.
7. Bond Redemption Fund (31), \$ 0. The beginning fund balance appropriated for the Bond Redemption Fund is to provide a portion of the source of repayment of voter approved general obligation bonds.
